

ROTARY CLUB HAS BUSY TIMES AHEAD

Will Collect Clothes Sunday Afternoon for the War Sufferers.

AIDS VICTORY LOAN DRIVE

Green Coats and Cream Trousers to Be Worn to National Convention.

At a business meeting held in the Hotel Tulsa Thursday night the Tulsa Rotary club transacted a mass of business that has accumulated during the past few weeks. Aside from the numerous questions of importance relating to the club, definite action was taken on a number of items which will result in extensive benefit to Tulsa.

President Alf. G. Heggen stated that since the club had been recognized as the motive power that had put across former Liberty loan drives here it had been selected to serve in the same capacity during the Victory Loan. Rotarian McKeever has been appointed head of the local publicity bureau by the state committee and Ralph Talbot has been named as state director of speakers. According to a telegram received Thursday by President Heggen from Edward Soph, Rotarian now in Chicago, the next national convention of oil men is to come to Tulsa in 1920. A special invitation from the convention by telegraph, is accredited as one of the principal factors in bringing the convention here if such action is taken.

Next Sunday the Rotary club will conduct a campaign for the collection of clothes to be sent to French orphans. Committees appointed to direct this work are as follows: Lee Levering, publicity; Lee Ewing and Charlie McCune, automobiles and routes; Cyrus Young, storage; W. F. Stahl and Robert Purdy, packing and shipping. Cars and workers are to gather at the Red Cross headquarters at 2 o'clock Sunday afternoon.

Final announcement was made Thursday night of the plans of the local club for attending the national convention at Salt Lake City in June. The club is endeavoring to register as many members as possible for this pilgrimage to the end that Tulsa may make a strong impression on national Rotary.

Consisting of green trousers, green coat and cap to match, the uniforms to be ordered by the club for use in public hereafter will be on hand in ample time to be worn at this convention. Lee Levering and Max Madansky constitute the special committee on uniforms.

It is expected that the uniforms will arrive in time for ladies' night at the Rotary club early in June. It is the custom of the club to honor the wives and sweethearts of its members each year with a special occasion. It is probable that a dance will be included in the festivities, but final plans are being worked out by the arrangement committee.

Doctor McCarty solicited the endorsement of the club on the drive to increase the membership of the Tulsa Anti-Tuberculosis society. The city will be canvassed by workers of the society and memberships will be sold at \$1 each. Doctor McCarty stated that \$14,000 is required to carry out the program of the society as laid out.

Wine Attendance Prize
Announcement as made by President Heggen that the local Rotary club for the second time had headed the national list and won the attendance prize for clubs with a membership of 100 or 150.

Signed by G. S. McKeever, president, a letter from the Rotary club of Honolulu extended greetings to Tulsa Rotarians and asked recognition of the co-operative results obtained in the advancement of international Rotary through the work of the foreign organization.

W. F. Stahl, president of the Tulsa boys' home, spoke briefly to the club and outlined the work being done for boys here by the home. Mr. Stahl asked for further assistance from the club in this work. By a unanimous vote of the club he was asked to further aid the work of the boys' home at some future meeting. The club voted to pay \$50 on a photograph purchased some time ago for the boys.

ANNOUNCEMENT OF LOST AND FOUND OF WHISKY

The charge of introducing liquor preferred against W. L. Jackson, was dismissed Thursday after the preliminary hearing of the defendant before J. H. Wilkins, United States commissioner. The commissioner held that while circumstances indicated that a large quantity of whisky was found Wednesday in a railroad car in charge of the defendant by L. B. Youngblood, special agent of the Federal Bureau of Investigation, there was insufficient evidence to show the ownership of the liquor.

Youngblood found 10 half pints and 10 pints of whisky under a day couch seat. While being questioned as to the ownership of the liquor, Jackson went into the wash room in the coach. The officer later found a canvas jacket in the pockets of which were several more half pint bottles of liquor. Jackson denied any knowledge of the ownership of the property.

TRUCK BEATS BICYCLE IN BOTH RACE AND LAWSUIT

Holding that the plaintiff, Carl Lewis, did not exercise due care in riding a bicycle on the streets of this city and that the injuries for which he asked damages of \$15,000 in district court against the Tulsa Red Ball Transfer company, were in a large part due to his negligence, the case was taken from the jury in district court Thursday by Judge Redmond H. Cole and a verdict returned for the defendant.

Lewis was riding a bicycle near the intersection of First street and Lansing avenue on November 6, 1918, according to the petition, when he was thrown from the bicycle and permanently injured by the impact of the blow received from a wheel of the truck. Lewis claims the driver of the truck violated traffic rules of the city when he suddenly turned at the corner without giving warning of his contemplated action.

After hearing testimony from the defense in which it was shown that Lewis had tried to beat the truck to the crossing the case was taken from the jury and decided in favor of the defendant.

DOCTORS SAY THE NEW CALOMEL IS BEST MEDICINE

New Variety, Called Calotabs, Is Purified and Refined From Nauseating and Salivating Effects—Medicinal Virtues Retained and Improved.

According to the world's greatest physicians and medical authorities, calomel was the best and most universally useful of all medicines. Medical authorities prescribed calomel for almost every disease and explained that it was the best and surest of all system purifiers. They say that calomel cleanses the liver, stomach, bowels and kidneys and purifies the blood from all poisons, making the system pure and clean so that nature can quickly restore the health.

Now that science has purified calomel of all its nauseating and dangerous qualities, the new kind of calomel, called "Calotabs," is even more popular than the old. As a liver cleanser and system purifier, Calotabs are more effective than the old style calomel, yet are entirely delightful in effect. One Calotab at bedtime with a swallow of water—that's all. No nausea, no salts, nor the slightest unpleasantness. Next morning you awake feeling fine, with a hearty appetite for breakfast. But what you please and go where you please—there is no restriction of habit or diet or danger of salivation. Calotabs are sold only in original sealed packages, price thirty-five cents. Your druggist recommends and guarantees Calotabs, and will refund your money if you are not delighted with them.—Adv.

SOLDIERS NOT KEEN ABOUT TAKING LAND

Private Emrich Says He Had Rather Get Back to His Automobile Shop.

"What do I want with some free land? I've had a chance to settle on free land and I know what that means. I want to get home and get back to my old job as an automobile mechanic."

That is the way Private Edgar Emrich, who said he lives in Phoenix, Ariz., feels about the state's offer, in conjunction with the federal government, to furnish free homes for returning soldiers. The plan is to furnish them with land from which they may extract a living.

Corporal Edward Anderson, just back from France, things it is a good idea. "I might want to go to farming myself," he said. "I don't know a thing about farming but I guess I could learn. I don't know much about the plan but it looks like there's a lot of the boys coming back who'd be glad to get a little chunk of land to work on."

The state senate has passed a bill which would provide free land for returning soldiers. Senator Luther Harrison is one of those who has fought for the passage of the measure. During the debate Senator W. A. Briggs of Woodward, spoke in opposition, declaring that soldiers wanted to return to their homes and not to be colonized. Senator Elmer Thomas of Lawton also opposed the bill. For the reason, he said, that congress had adjourned without appropriating money with which to vitalize the measure.

Old Trader

Do not rock the boat now. We are going over dangerous shoals and may dash against the rocks or breakers ahead. No time now to play politics. But we must all be level headed, and use our best efforts in holding together civilization for the future generation to come. History repeats itself. The world goes forward and then reverses. Let's all do our best to check the backward swing before it reaches the dark ages. The game OLD EAGLE has done well with the MONROE DOCTRINE. She has hovered some very bad eggs, but did not have to fight but little to protect her brood from ravenous wolves of other lands. But now the great OLD BIRD is spreading her wings and trying to MOTHER and HOVER the whole world. She is taking under her wing the discontented element and ignorant of all lands. She will sit on the bolshievik egg, the same as on the good. The bolshievik egg being rotten, she will be forced to break them in her nest, and that will leave a very nasty nest for years to come.

Now is the time to spread sunshine. Go to work and build a home even though it is humble. Your wife and babies will love you more sweetly in a tent if they can call it "MY" home, than they will do in a rental parlor, where they are always afraid of the OLD GHOULY, GRAFTING LANDLORD COMING AROUND. You fashionable renter, who gives up most of your salary for rent to make a show, for fear somebody will call you POOR—do you REALIZE that you are making HELL on earth to your SWEET little wife, who is serving to please you, and she is in DREAD of the STORK OF NATURE? For well she knows that if the STORK brings a LITTLE ANGEL BABE to her bosom that we must move to a locality where DOGS and CATS are ALLOWED to roam at leisure.

OLD TRADER has a few more homes to sell to laboring men, who have wives, who do not dread the stork of nature. You can pay OLD TRADER like paymen rents. Now if you want an all leather Star Brand Shoe, that is built honestly, and to give you service, then call for MOTHER TRADER and GERTRUDE, at 109 East First St.

CAMPBELL ASKS \$20,000 FOR MISTAKEN ARREST

Alleging that the defendant on January 26 falsely accused the plaintiff of stealing papers to the value of \$100,000 and without authority of law, imprisoned and searched the plaintiff, suit for \$20,000 was filed in superior court Thursday by Otis Campbell, an employee of the Bohnefeld Cleaning works of this city, against Max I. Travis, vice-president of the Oklahoma Petroleum & Gasoline Co.

Campbell claims in his petition, that he was detained and held a prisoner by the defendant following the accusation made by Travis that Campbell had stolen valuable papers. For this alleged wrongful act, he asks \$20,000. Campbell also asks damages of \$10,000 because of the alleged fact that he was accused of grand larceny in the presence of several witnesses, and that his reputation has been greatly injured by the unwarranted actions of the defendant.

French electricians' experiments indicate that it is possible to increase the light from ordinary arc lamps by increasing the current pressure through the carbons.

NOSE CLOGGED FROM A COLD OR CATARRH
Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, and the air passages of your head are clear and you can breathe freely. No more hacking, sniffling, mucous discharges, headache, dizziness, no struggling for breath at night, your cold or catarrh is gone. Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils. Let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

Halliburton-Abbott Co. Charge Purchases Made Friday, Saturday and Monday Will Be Charged to April Account, Payable May 1

An automobile sales agent will talk about what sort of bearings his car uses, about the making of its storage battery, about its carburetor and its cooling system.

These items are important. In just this way we sometimes tell you about the many ways in which our store is run for the high efficiency. But the man who buys the car tries it first. He comes from Missouri and must be shown. Are YOU from Missouri? We hope so, for we'd like to "show you."
